

Why Dog Daycare & Cage-Free Kenneling?

-  Over 5000 sq. ft. of indoor dog playground for your dog to play & frolic.
-  Dogs play in a safe cage-free, leash free, supervised environment while you're at work or on vacation.
-  Doggietown is a great place to socialize puppies.
-  Eliminate destructive behavior, barking, and accidents in the house while you're gone.
-  Avoid feeling guilty if you're too tired after work to walk your favorite pal, we'll tire him out for you!
-  Staff is trained and certified in animal first aid and CPR.
-  Dogs are naturally social animals and flourish with other dogs rather than when they are confined to leashes and cages.
-  Facility staffed 24/7.

All dogs must have current vaccines.

All dogs must be on a flea control program.

All dogs over 7 months of age must be spayed/neutered

Dogs At Play At Doggietown USA

The Doggietown USA Story

Doggietown USA was founded in 2004 as an alternative pet care facility. It was the first facility in Huntington Beach to offer cage-free daycare and boarding for dogs.

Denise Atkinson was raised surrounded with family pets and has always had a genuine love for animals. She knew that she wanted to work with animals when she "grew up." Her pet care career began back in 2000 with a pet sitting business, feeling it was the ideal vocation for her. While in-home pet sitting is an excellent service for many clients, there were still those clients that needed a place they could take their dogs. Many of these dogs couldn't be left alone without exhibiting destructive behavior or barking. In many instances, the client didn't want to leave their pet home alone without any human contact. From this need, Doggietown USA was born.

The indoor climate controlled facility is over 5,000 square feet and is the ideal place for dogs to play and stay when they're away from home. The staff is well trained and provides loving supervision in a safe and fun environment 24/7.

You will never have to feel guilty when leaving your dog at Doggietown USA. It's a place where dogs can be dogs!
